sponsors@lidentalsymposium.com

The **LA Dental Symposium (LADS)** signature event is an annual 2-day scientific and clinical PACE program, approved by the Academy of General Dentistry.

LADS also provides formal continuing education programs throughout the year, in a hands-on setting. Our goal has always been to build awareness around the evolution of digital technologies combined with significant advances in adhesive dentistry, and a better understanding of implant dentistry and how it has redefined the practice of restorative dentistry.
